POSITION VACANCY

POSITION: Sediment and Erosion Control Inspector
Part Time – No benefits

SALARY: \$ 20.00 per hour, approximately 500 hours per year

RESPONSIBILITIES: Receives general direction from the Conservation Department and the Planning and Zoning Department. Job responsibilities would include the inspection of construction sites to ensure proper sediment and erosion controls are in place at the start of construction and maintained until the site is fully stabilized. Ability to trouble shoot the source of erosion problems and help to facilitate solutions. Interaction with on-site construction personnel is required. Other responsibilities include writing letters of violation if necessary and the issuance of fines.

QUALIFICATIONS: A High School Degree or its equivalent is required. Ability to read and interpret site plans, wetland/topography maps. Construction Management, Landscape Design or Civil Engineering experience required. Familiarity with the 2002 CT Guidelines for Soil Erosion and Sediment Control a plus. Completion of the Sediment and Erosion Control Certification course offered by ENVIROCERT required within one year from the date of hire. Valid Driver's License required. Background and reference checks required prior to employment.
