

Are you interested in volunteering to help with local land use planning?

Would you like to learn about town inland wetlands agencies and what being a member involves?

Join the Connecticut River Coastal Conservation District and Attorney Janet Brooks for the series:

Civics 2.0: The Ins & Outs of Serving on a Town Inland Wetlands Agency

This two-part workshop will cover topics such as the functions and values of wetlands, the CT Inland Wetlands and Watercourses Act, elements of a site plan and site plan review, and what to look for on a site walk. Workshop sessions will take place virtually on multiple dates and times, including weeknights, and Saturday morning and afternoon (see scheduled times below).

Presenters include Janet Brooks, an experienced wetland attorney, and Kelly Starr, Natural Resource Specialist, Connecticut River Coastal Conservation District. There will also be cameo appearances by town wetland staff and members of town inland wetlands agencies!

Sign up for one of the following two-day sessions on the day of your choice:

Saturday, 2/20 & 2/27, 1-3pm

Monday, 3/22 & 3/29, 7-9pm

Thursday, 4/8 & 4/15, 7-9pm

Wednesday, 5/12 & 5/19, 7-9pm

For more information, including how to register, please contact civics2.0@yahoo.com.

Funded in part by a generous grant from The Rockfall Foundation and in-kind donations from Janet Brooks, the Connecticut River Coastal Conservation District, and program co-sponsors
